DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with William Klima on June 9, 2011.

The application has been amended as follows:

Claims 1-23 and 40-44 have been canceled.

Allowable Subject Matter

2. Claims 24-30 and 32-39 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or suggest a method of manufacturing a composite article comprising a metal reinforcing element and molded plastic coating firmly attached thereto, wherein the reinforcing element is formed to define an open channel having a longitudinal axis and an open side parallel to the axis, and the plastic coating includes a portion formed as a wall mechanically closing the open side of the channel, where the form of the metal reinforcing element allows insertion, via the open side of the channel, of a mold core which is configured to provide mechanical stability to the reinforcing element, the manufacturing comprising providing a mold comprising at least two parts

formed to define a mold cavity therebetween when the mold is assembled; inserting a mold core in a metal reinforcing element via the open side, so that the mold core provides mechanical support to the element; assembling the mold parts and the metal reinforcing element with the inserted core therein so as to fix the reinforcing element in the mold cavity; injecting flowable and settable plastic coating into a space to form the composite article; releasing the obtained article including the reinforcing element, the set plastic coating and the mold core, by disassembling the mold; and removing the entire mold core from the article in a direction along the channel axis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
